Dear Parent/Carer

Reporting System

Welcome to the new academic year and a new-style reporting system. We hope you find the new system clear and informative, and are able to discuss the grades awarded with your child.

For all year groups, there will be an assessment week each term, during which each subject will provide students the opportunity to show what they have learnt. Following this, you will receive a report (by email) to let you know the progress your child is making and a summary of their attitude to learning. If your email address needs updating, please contact data@springfield.uk.net

Before each assessment week, you will receive a reminder of what is happening plus some hints and tips on what to revise for different subjects.

We appreciate your patience as our new systems develop and assure you of our commitment to ensure that our assessment model works effectively and accurately for our pupils maximising their achievement and enabling them to reach their full potential.

Yours faithfully

Mrs J Goodship
Assistant Headteacher
